Vaughn N. Simon

President and CEO, Giles & Kendall, Inc.:

“your knowledge, your keen eye for details, professional approach, and very rapid response was very much appreciated”.

Marvin Glover

Plant Mgr., International Veneer Company:

“an honest, reliable, and knowledgeable vendor to do business with”

“we can always count on Veneer Services for prompt service, good prices, high quality, and a professional attitude. We understand the value of having someone we can trust when we need machines, parts or just a good advice. We are happy to recommend Veneer Services to anyone in the veneer, plywood & sawmill industry”.

Gerrit Heitink

Owner, Heitink Veneers:

“Veneer Services engineered a system that is practical and efficient and built to the high standard we expect in our facility, and installed this system without stopping our production, as well as showed us to how to run and maintain our system, and then followed up to be sure it was correct. We recognize the value of the partner like Veneer Services to help us meet the future challenges of growth and advise us of new products & ideas”.

Stanley Georgek

Owner, Pennsylvania Veneer Corporation:

“when a lightning strike destroyed the controls on our dryer, your response to the situation was outstanding. I anticipated at least 2 weeks downtime but your efforts allowed us to be operational again in 3 days, in which 2 of these days were the weekend”

“we struggled with a quality problem for 5 weeks. With your assistance, our problem was resolved in only 3 days. You also provided us with valuable training on knife sharpening, honing, and slicer setup. Since your visit, our quality in veneer has been outstanding”.

Tom Miller

Co-Owner, Miller Veneer:

“Veneer Services’ engineering background and experience managing veneer mills has been very helpful in our making good decisions”

“refreshing to do business with someone who prices fairly and follows through every time”

Robert Mathers,

Co-Owner, Thiesing Veneer Company

“Veneer Services is bringing new ideas to the table and helping preserve the future of our industry. Veneer Services is one company who is knowledgeable about all areas of the hardwood face veneer industry”.
